ATTENTION

THIS IS TO INFORM YOU THAT IRS IS CHANGING THE REQUIREMENTS OF THE 941 FEDERAL TAX DEPOSIT COUPONS AFTER 2010.

IRS WILL GREATLY RESTRICT USE OF FEDERAL TAX DEPOSIT COUPONS AFTER 2010. Only very small businesses will be permitted to use them... employers that have \$2,500 or less in a quarter will pay their liability when filing their quarterly employment taxes. All other firms will have to switch to depositing taxes by wire using Treasury's Electronic Federal Tax Payment System (EFTPS). The feds expect to save \$65 million by mandating more electronic payments.

Please contact the Payroll Dept. if you have questions or if we can assist you. Changes need to be made by October 31, 2010.
